Manchester Bureau Times-Dispatch, No. 1102 Hull Street,

Manchester Lodge of Elks met in en thusiastic session last night. A lot of business of importance to the lodge was transacted, and a matter of some interest to the public was the fact that a committee was appointed to go to work at once to secure the Middendorf property at Eleventh and Bainbridge Streets for the Elks Home.

This move on the part of the lodge means that within a year one of the finest "homes" in the State will be owned and occupied by the lodge.

and occupied by the lodge.

Beveral applications for membership were acted upon. The resignation of Excited Ruler Lipscomb was laid under the table, and not considered at all.

A Political Theory.

Editor of The Times-Dispatch:

Sir.—I note what your Washington correspondent says about presidential timber for 1994 in Thursday's paper, and it makes me wonder if the Democatic party, particularly that of the South, will be caught in the Republican trap again. The Ohlo Republican holds up to view Mr. Gorman and his Maryland fight "aquarely on race lines," as a bait to the persidency. Another, a Tennesseean, holding a position in the pension office, says, if Gorman is the Democratic standard-bearer in 1904, he will, for the first time in his life of sixty-eight years, vote the Democratic ticket. Now, it seems to me this is, along with other vlows of the present situation, a trap for the Democratic and that one of those lulis in the so-called prosperity of the country, commonly called a financial crisis, is approaching slowly but surely; and the Penyblican party wants to lay it at Democratic control of the present situation, a trap for the Democratic party. It is quite evident to my mind that one of those lulis in the so-called prosperity wants to luly it at Democratic control of the persons in the persons in the persons in the control of the persons in the persons i mind that one of those throad trisis, is approaching slowly but surely; and the Republican party wants to lay it at Democratic doors; and that if they can arrange it again to have a Democratic President at the head of the government and at the same time have his hands tied by a Republican majority in Congress, they will gladly lie back and let the hard times come. Then when the orisis has passed, as it will in all likelihood in five years hence, they will come forward in 1908 with their trust money, cleet their man and sail ahead with more prosperity. I, for one, would be sorry to see a Democratic President elected under such circumstances. Better for the party that they let the Republicans bear the brunt of at least one elege of hard times, and thus shake the faith, abiding as it is, of 'the great mass of working people in the Republican party as creator of "good times." I simply write you this as a suggestion, and would be glad to see it mooted by those who are leaders in our party, end who are familiar with the 'ins and outs."

Very truly,

A DEMOCRAT.

Warning to Tree Buyers.

Blackburg. Va., Nov. 7, 1903.

Editor of The Times-Dispatch:
Sir,—On November 5th I examined a
large lot of nuisery stock in Roanoke
while it was being delivered by the agent,
and found a large per cent. of the apple
trees seriously affected with crown gall
and a smaller number badly injured by
the woolly aphls. In one order of some
500 apples trees, I found 125 trees so
badly affected with crown gall as to
render them entirely worthless.

attention of purchasers to the fact that the Virginia law prohibits the sale of nursery stock affected with San Jose scale, woolly aphis, crown gall and other disasses that need not be mentioned here. Furchasers cannot be required to pay for stock of this character, no matter if it is covered by certificate of nursery inspection. The stock in question came from outside this State and carried the inspection tags, but notwithstanding this it was badly diseased.
